

Eligibility for Title I Programs

The West Essex Middle School uses multiple measures to determine a student's eligibility for its after-school Title I program funded by the ESSA grant. Those measures include, but are not limited to: MAP scores, state assessment results, marking period grades, and/or staff recommendations. Through this program, eligible students are offered the opportunity to receive supplemental instruction to improve their performance in the classroom and/or on standardized tests. Parents receive notification of their child's eligibility and participation in the district's Title I program.
