September 30, 2020

Dear West Essex Families,

I am pleased to announce all MERV 13 filters have been installed into our heating, ventilation, and air conditioning (HVAC) units. I want to acknowledge the hard work of Mr. Taulant Feti, Supervisor of Building and Grounds, and the custodial, grounds, and maintenance staff for their efforts over the past weeks in preparing our schools for reopening.

***With that said, we are on schedule to welcome back our students for in-person instruction on Monday, October 5!***

Bus routes are available on the [District website](#) and additional information regarding the reopening of schools is accessible on our [School Reopening Information](#) page.

Please remember public health is a shared responsibility, and everyone in our community plays an important role in protecting our students, staff, and residents. We must continue to do our part, so our buildings may remain open, and we can progress forward through our school year.

Thank you for your patience and cooperation.

Sincerely,

*Damion Macioci*

Damion Macioci
